Thinking Style Assessment - Benziger Hr Thoughtcraft ...

Dr Katherine Benziger takes a completely different approach to thinking styles assessment, which in complete contrast to the theoretical and philosophical basis of most psycho-metric tests, focuses on the physiological and neurological aspects of how our brains actually function. As this is a physiological and neurological assessment it is arguably a more objective method of assessment than psychometric tests.

Thinking Skills Assessment (TSA)

“The assessment of style of thought has allowed us to better understand the leaders and teams, the way they think, how they communicate and coordinate actions. It has allowed us to understand how from the difference each team member contributes and complements, taking advantage of the best of each style.
