In the book of Chinese Acupuncture and Moxibustion by CHENG Dan-an, direct moxibustion with moxa cone was regarded as a classic style of moxibustion because of its innate character of heat induced thermal stimulus and burn toxin. CHENG Dan-an made the quantity of moxibustion more controllable through the selection

[CHENG DAN-AN's contribution to direct moxibustion with ...

Moxibustion is a traditional Chinese medicine technique that involves the burning of mugwort, a small, spongy herb, to promote healing with acupuncture. The purpose of moxibustion, as with most forms of traditional Chinese medicine, is to strengthen the blood, stimulate the flow of qi, and maintain general health.
