Clockspeed By Charles H Fine

In Clockspeed, Charles Fine draws on a decade's worth of research at M.I.T.'s Sloan School of Management to introduce a new vocabulary for understanding the forces of competition and making strategic decisions that will determine the destiny of your company, as well as your industry.Taking inspiration from the world of biology, Fine argues that each industry has its own evolutionary life cycle (or "clockspeed"), measured by the rate at which it introduces new products, processes, and ...

by Charles H Fine. This book describes a discipline that breaks completely new ground. Written by MIT professor Charles H Fine, CLOCKSPEED is no less than the secret to business life in the new economy. What Fine tells us in dramatic, cogent terms, is that today's businesses have a simple choice: evolution or extinction.
