The Cross-Strait economic relations intensified when Taiwanese entrepreneurs began to invest massively in China since the early 1990s. The Mainland-based Taiwanese companies imported the intermediate goods and capital equipments from Taiwan, processed in China and exported finished goods to the world market, mainly to the US.

Cross-Strait Economic Relations: Recent Development and ...

Cross-strait investments have greatly increased in recent years. Predominantly, this involves Taiwan-based firms moving to, or collaborating in joint ventures, in Mainland China. The collective body of Taiwanese investors in Mainland China is now a significant economic force for both Mainland China and Taiwan.

President to focus on cross-strait issues, institutional ...

Some commentators recognize that the progress made in Cross-Strait relations, including the Three Links initiatives opening up postal, transportation, and trade connections, has provided opportunities for and mutual benefits in economic development. The progress in cross-strait transportation methods such as railways and ferries has made certain coastal residents (e.g. in Fujian) feel that Taiwan became less distant and less exclusive.
