The first chapter has key terms like “people” “processes” and other simple concepts. Basically this book was written for morons.

Experiencing MIS 3th (third) edition: David M. Kroenke ...

The first chapter has key terms like “people” “processes” and other simple concepts. Basically this book was written for morons. I hate that a 200 level course is reduced to such a simple level. The videos that come with the professor edition are also boring, and repeat word-for-word what the book says.
