A keyword search for book titles, authors, or quotes. Search by type of work published; i.e., essays, fiction, non-fiction, plays, etc. View the top books to read online as per the Read Print community. Browse the alphabetical author index. Check out the top 250 most famous authors on Read Print. For example, if you're searching for books by William Shakespeare, a simple search will turn up all his works, in a single location.

Mozi Basic Writings

Mozi's emphasis on 'universal love' is his calling card, and fortunately about half of this book dives into that concept. The other half is laughable in today's terms (Explaining Ghosts and Against Music are two obvious chapters) - but still has an underpinning of why his followers were pitted against the Confucians.

Mozi: Basic Writings by Mozi

Mozi (fifth century B.C.) was an important political and social thinker and formidable rival of the Confucianists. He advocated universal love—his most important doctrine according to which all humankind should be loved and treated as one's kinfolk—honoring and making use of worthy men in government, and identifying with one's superior as a means of establishing uniform moral standards.

Mozi: Basic Writings / Edition 1 by Burton Watson ...

Mozi said: In ancient times, when mankind was first born and before there were any laws or government, it may be said that every man's view of things was different. One man had one view, two men had two views, ten men had ten views—the more men, the more views.

Mozi: Basic Writings by Mozi, 2003 | Online Research ...

The Mozi is a key philosophical work written by a major social and political thinker of the fifth century B.C.E. It is one of the few texts to survive the Warring States period (403-221 B.C.E.) and is crucial to understanding the origins of Chinese philosophy and two other foundational works, the Mengzi and the Xunzi .

The Mozi, also called the Mojing or the Mohist canon, is an ancient Chinese text from the Warring States period that expounds the philosophy of Mohism. It propounds such Mohist ideas as impartiality, meritocratic governance, economic growth and aversion to ostentation, and is known for its plain and simple language. The chapters of the Mozi can be divided into several categories: a core group of 31 chapters, which contain the basic philosophic ideas of the Mohist school; several chapters on logi

Mozi (book) - Wikipedia

Most surprisingly, Mozi's universal love justified the militia composed of his followers. Mozi held that the small and weak were of equal standing with the large and strong, and that bullying (or invading) of the weak was unjust. He backed his notion of justice with arms, coming to the defense to small states when unjustly attacked by the larger.

The Zhuangzi (Mandarin: [tʃwán.tʂɿ]); historically romanized Chuang Tzŭ) is an ancient Chinese text from the late Warring States period (476–221 BC) which contains stories and anecdotes that exemplify the carefree nature of the ideal Taoist sage. Named for its traditional author, "Master Zhuang" (庄子), the Zhuangzi is one of the two foundational texts of Taoism, along with the Tao Te ...
