A number of Porsche 911 owners have experienced failure of the PDK transmission. The PDK is an automated manual transmission. Two units matched together - a manual transmission rear section and automated dual clutch front section. The manual transmission rear section is very solid and reliable.

Porsche 911 Common Problems | Solutions | 996 | 997 | 991

Porsche 996 Manual vs Tiptronic Transmission prices. Porsche is not making any more 996s, so the supply of cars is limited. A Tiptronic-to-manual conversion is a hard thing to do (and ultimately not a great idea) so either you find what you like with a manual transmission, or you find it with Tiptronic.

Porsche 996 Carrera Manual vs Tiptronic Prices - Porsche ...

Another great thread resurrection! Min and I were referring to our 3.4 996's, which have a ZF Tiptronic transmission. 3.6 996's (and I believe 997.1s) use a Mercedes Benz transmission, so the filling point is different.

You might get some answers on the 997 forum, but the level checking process isn't straightforward.
