Reporting Services 2008/R2 Administration - SQLServerCentral

This is part one of a two part series of SQL Server Reporting Services Subscription Administration. In part one, we'll review some "care and feeding" basics and review a handy query that allows you to get a better view of how your SSRS subscriptions are behaving. In part two, we'll look at a report that takes the subscription results query and puts it in a format that allows you to quickly review status, recipients, and parameters.
